2011 Sussex SPOCO Competition – Final Result

How the Competition Works

The competition consists of a series of sporting type events broken down into three categories – Short, Middle and Long distance. For each qualifying event ridden you will be awarded points based on your position in that event – 120 points for first place, down to 1 point for 120th place. The competition is decided on your highest scores from six qualifying events which must include:

1 x Group A – Short Distance

1 x Group B – Middle Distance

1 x Group C – Long Distance

And any other three events from any of the distances

Any number of events can be ridden as your best placing(s) in each category automatically count towards the competition.

The Sussex SPOCO competition is decided on your best six qualifying rides from one short, one medium, one long distance and any other three rides from any of the distances – **so every qualifying event counts, whatever the distance.**

With the emphasis on position rather than times, the Sussex SPOCO competition is designed to promote sporting events in our area. Times are of no consequence as it is your position on the day that counts, and those who support less popular events reap richest reward, as fewer riders means more points up for grabs.
