

Worthing Excelsior Cycling Club

EVENING 10 SERIES - No 15 (G10/98)

Thursday 24th July 2014

Promoted for and on behalf of **Cycling Time Trials** under their rules and regulations

Report

A very curious evening where, for many, nothing happened as it was supposed to.

During the day the decision had been taken to move the event to course G10/97 (the Steyning based course) as lane closures were scheduled for the southbound A24 starting at eight o'clock. Then, as riders were signing on, it became clear that the alternative course would be out of action due to the chaos caused by a road traffic accident. So the event was switched back to the usual course in the hope that the roadworks would be late in starting as there was no sign of activity. This involved recalling marshals and riders who had already set off in the wrong direction.

As it turned out the event was able to complete without interruption.

The blazing hot weather had led many to hope for improved times but this did not happen as several riders were off their recent pace, due at least in part to the adverse wind.

Individual misfortune was rife too. Trevor Leeding, bidding to catch Simon Atkinson on 6 points, punctured on course. Mike O'Gorman had a disk wheel failure before even getting to the start line. Rick Hughes broke his visor after the race when removing his helmet. Chris McNamara (Pedal Heaven Colborne RT) intended to ride but the battery on his bike died so he didn't even get to sign on. And just to round things off nicely Marc Clothier (Southdown Bikes) was run into the kerb by a vehicle at Washington roundabout.

Finally – on to the actual racing:

Dom Maxwell recorded his first ever first place with 21:55, followed by Carl Trevis on 22:11 and Ian Cheesman on 22:37.

Tom Glandfield (Lewes Wanderers) was the fastest rider on the night with 20:43.

Trevor's puncture has all but confirmed Simon as the WECC 10 mile series champion for 2014. Trevor now needs to win the two final rides with an aggregate time of 42:01 to nick it at the post. Even if he had not punctured it was very unlikely that the time could be made up so it's just made it more certain mathematically.
