2<sup>nd</sup> A Team Dave Henty Cup Worthing Excelsior C.C. 4:16:31

1<sup>st</sup> B Team SCA Medals Worthing Excelsior 3:21:39

The Sussex Team Championship was held on the usual Cowfold course, starting just east of Cowfold then heading south through Henfield and turning at Shoreham r.a.b. The course is retraced, with a leg out to Bramber and finishing north of Shermanbury. The weather was better than the previous week's club championships but was still cold. The wind was from the north east, so the riders had a fast first half but the return was hard going.

There were 7 teams entered, Worthing having the largest number of riders. There were 2 competitions – an A and B team. The A team consisted of the fastest 4 riders from each club and the B from the 5<sup>th</sup>, 6<sup>th</sup> and 7<sup>th</sup> fastest riders from each club. Alan Curtis (In Gear racing Team) was the fastest overall with 57:47. Ahead of Steve Walkling (Portsmouth North End) on 58:06, with Steve Dennis (East Grinstead) on 59:11 the only other rider under the hour.

The winner of the Championship and the Lee Memorial Shield was, as expected, In Gear Racing with an aggregate time of 4:04:51. The second place team, and winner of the Dave Henty Cup, was quite unexpected as Worthing Excelsior (at 4:16:51) managed to edge out last year's runners up (Portsmouth North End) on 4:18:37. We also had success in the B Team Competition, as Worthing won with 3:21:39 – well ahead of the second place team (Brighton Mitre) on 3:38:29

The S.C.A 50 mile Time Trial was held on the usual G10/50 course. Starting in West Grinstead, heading to Bolney, then to Henfield and Cowfold. Turning at Beeding, retracing to Washington the course then follows the evening 10 and into Dial Post. The weather conditions were quite good, but the riders had an early shower which left the roads wet in places. The wind was very light and from the north west.

The club had 6 riders, but Chris Bacon did not enter the club event. The event was won by Steve Dennis (East Grinstead) on 1:55:19, well ahead of Tristan Court (Brighton Mitre) on 2:00:59 in second. Last year's winner, Dave Pollard (In Gear Racing), had to be content with third at 2:00:44. From the club, Peter was quickest on 2:05:32, ahead of Karl on 2:07:07 and third went to Stephen on 2:11:08.

Peter and Karl's times were good enough for fourth and fifth respectively and with Stephen's time were good enough to take the team prize and Halford Trophy, just a few seconds ahead of Brighton Mitre. Karl also picked up a prize for the second most improved time.

## **Excelsior's Audax**

As you can see on the next page, a range of long Audax events is on offer for next year. I know there will not be a flood of entries from club riders for the longer events, in particular the 1000k but I know there are at least 6 riders who could complete it if they so wished. Actually, following the SCA 12 Hour I dread just how easily Paul Carruthers and Stephen Trott would polish this distance off.

If anyone interested in the 100k event (or indeed any of the events) cares to let me know, I could arrange a session with all interested long distance riders in the club around Christmas time to help plan your 2002 season.

I am always so lucky with all those who help with our events each year – your excellent service is much appreciated by all the riders concerned. In Audax circles the Worthing Excelsior is held in very high esteem. Now that I have buttered you all up, I have to say I do struggle on the longer events with helpers at times. I am very fortunate that the members of other Sussex Clubs and riders within Audax UK help me and frequently offer their help, as our President has quoted on more than one occasion: “one volunteer is worth 10 pressed men”. Help on next year's longer events would be welcome, please let me know by the end of this year if you think that you may be able to assist, Don't leave it too long, for you may find that Peter Kibbles has already volunteered for the far turn of the 1000k event in the far west of Wales.

Our 300 and 400k events will both finish in Steyning. To reduce the number of helpers at the finish control, I propose having the finish at a pub, if there is a willing person who would like to attend to the cards, please let me know this year.

Next year you will see that the Excelsior is offering long distance riders the opportunity of becoming a Super Randonneur. To qualify for this riders need to complete a 200, 300, 400 and 600 in the same year – so you don't have to ride the 1000k unless you're really keen (mad?).

Every year an event is run by the name of the “National 400k”. It has been promoted by the CTC District Association and the CTC affiliated clubs since the early 1980’s. Indeed the very first couple of events from Godalming had several in the Club riding and manning a control at the Tote Café near Pulborough.

Is there any interest from within the club to promote such an event one July in the next few years? It could be promoted under the banner of a local CTC DA, but it would be nice if Worthing Excelsior were the promoters. In the absence of a volunteer for the position of official Organiser I would be happy to put my name forward but I cannot run the whole show alone. National events would not be entirely new to us – a few years ago we promoted the annual Audax National200k and had nearly 200 riders taking part. For the national 400k we could well have over 200.

Please let me know your views, along with an offer of help by the end of this year if you are interested in such a promotion. I would not seek the approval of our Committee unnecessarily if there were no interest, but if there were a demand I would do so.

Due to the foot and mouth our off road event on the South Downs Way was cancelled this year. If there were a willing member to promote it, I would be willing to provide the route sheets that I have prepared and to help with the catering – I have enough to organise next year.

### **Calling all members ... Calling all members ...**

The radio link that keeps race control in touch with the finishing line is under threat. For many years this has been provided by John and Daphne Grant, but now due to Daphne's ill health they are unable to continue with this service.

John has offered to donate the equipment to the club – if volunteers can be found to operate the equipment. John will provide all the necessary training to help keep this link a part of our events.

Many thanks are due to John and Daphne for their behind the scenes efforts over the years. I am sure that all club members will wish them the best and hope for an improvement in Daphne's condition.
